## Certificate of Completion

This is to certify that the following students of the Department of Computer Engineering from Vivekanand Education Society's Institute of Technology, Chembur, have worked on the Third year project on "NeuroCare - A Mobile Application for Personalized Migraine Care and Lifestyle Management", under my guidance at AtINeU.

1. Hadap Sanika
2. Naik Tanvi
3. Iyer Ajay

The students worked on a mobile application designed to enhance communication between neurologists and migraine patients. The app focuses on making it convenient for patients experiencing migraines to manage their records with the click of a button, log details of their episodes, and track their daily habits.. The project was found good by our institute and has been successfully deployed at our organization. My best wishes for their bright career and hope they keep performing well.

Best Regards,

Dr. Bindu Menon,

Founder of AtINeU,

Prof and HOD Neurology, Apollo Speciality Hospitals, Nellore

**Prof.Dr.BINDU MENON**

MD(Med), DM(Neuro), DNB(Neuro),
